

MEMORANDUM TO: Mayor and City Council

VIA: David B. Humpton, City Manager

FROM: Frederick J. Felton, Assistant City Manager

DATE: October 31, 2006

SUBJECT: Resident Only Parking for Deer Park Court

As the attached letter indicates, the residents of Deer Park Court are concerned about an ongoing problem with residents from adjoining communities parking on their court. In response to a similar problem on Sunnyside Court, we recently restricted parking on Sunnyside Court pursuant to Section 14-A of the City Code.

Please note there are only five homes on this court, and all of the residents have requested this parking restriction. If approved, the court would be posted "Permit Parking Only", and each homeowner would be given two parking permits.

I will be seeking guidance on this issue during the Mayor and City Council meeting on November 6, 2006. If you should have any questions or wish to discuss this matter, please let me know.
